

Member Protection Information Officer Network Gathering

Active Tasmania invites you to attend our upcoming Member Protection Information Officer (MPIO) Network Gathering, designed to connect MPIOs, share insights and strengthen skills in fostering safe sporting environments.

MPIOs play a vital role in supporting safe, fair and inclusive sport, by providing guidance to members on their rights and supporting them through complaint processes.

Every sport should strive to have at least one trained MPIO in each region.

Guest speaker

Joanne Stolp – Commander of Community Engagement, Tasmania Police

Joanne Stolp is the Commander of Community Engagement at Tasmania Police and a passionate advocate for safe, inclusive community sport.

With extensive experience in the Tasmanian sport sector, Joanne also actively contributes to Water Polo and Surf Life Saving at Carlton Park

Who should attend?

- Current and aspiring MPIOs
- Sports administrators and officials interested in member protection
- Club and association representatives

What to expect

- Expert industry leader
- Real-world MPIO case studies
- Updates from Active Tasmania
- Networking with fellow MPIOs
- Q&A segment
